PRESSING LEGAL ISSUES IN A COVID ENVIRONMENT
Civil legal aid provided by Neighborhood Legal Services and Southwestern Pennsylvania Legal Services assures fairness for all in the justice system, regardless of how much money you have.

We provide access to legal help for people to protect their livelihoods, their health, and their families. Civil legal aid makes it easier to access information — whether through easy-to-understand forms, including online forms; legal assistance or representation; and legal self-help centers — so people can know their rights.
COVID-19 & CIVIL JUSTICE

• The economic hardship caused by business closures and illness will create conflicts only the civil justice system can resolve, like:
  • Missed rent payments leading to eviction notices
  • Disputes over medical and consumer debt
  • People being wrongly denied public benefits that can keep their families afloat
• Civil legal problems will spike in the wake of the COVID-19 outbreak, especially for those already struggling to make ends meet.
• Civil legal aid is a vital component of the public response to and recovery from the current public health crisis

Christopher J. Hega, Esq.

During his time at Washington and Jefferson College, Christopher interned at a local law firm and decided to pursue a J.D. at Duquesne University School of Law. While in law school, he participated in a low income tax practicum whereby students would take on clients and provide them with tax services, including exploring offers in compromise. Christopher would continue with his clients even after the practicum ended s the timing of such offers would exceed the semester. In law school, he interned and subsequently was hired as a full-time employee of Deloitte & Touche. At Deloitte, Christopher was heavily involved in tax compliance with both corporate and individual taxes. He would continue to allot time for low income taxpayers which included providing tax advice.

Moving forward, Christopher accepted a position at Mellon Financial Corporation which became The Bank of New York Mellon. He would continue to deal with tax matters albeit through mergers and acquisition and employee payroll and compensation matters. He would then work for a large law firm as he searched for something more. That brought Christopher to private practice with the creation of Hega & Associates, LLC. The focus went from corporate, tax, mergers & acquisitions, executive compensation to a more individualized focus on family matters. That path brought him to Southwestern Pennsylvania Legal Services, Inc. where it has been a privilege to work. Because of his employment at SPLAS, he has been able to come full circle and can now provide more services to those in need.

2020 refundable tax credit. Technically, under the terms of the CARES Act, the advance refunds are treated as refunds of overpayments of 2018 or 2019 tax years.

Advanced payment on the refundable credit based on 2019 or 2018 Federal tax return calculations.

Will provide up to $1,200 for eligible adult individuals ($2,400 for couples) and an additional $500 for each eligible child under 17yrs old.

Payment will either be by direct deposit or check based on tax refund options. Direct Deposit payments have begun, checks are slated to begin mailing the week of April 27th.
As most Americans know by now, the CARES Act instructs the IRS to send every non-dependent with a social security number a payment of $1,200 for an individual ($2,400 for a married couple), with an additional $500 for each child. The payments phase out for people with income over $75,000 for an individual or $150,000 for a married couple.

In order to get the money to you as soon as possible, the IRS will direct deposit the stimulus payment if the IRS knows your bank account. The IRS will rely on the bank account information reported on a taxpayer’s 2018 or 2019 income tax return in order to quickly deliver the checks to intended recipients. For taxpayers who have not yet filed an income tax return for 2019 or for whom the filed 2019 return has not yet been processed, the IRS will use the information from the 2018 tax return, if filed.

The IRS is rolling out a “Get My Payment” application for taxpayers to enter direct deposit information if it’s not already on file, but reportedly this app cannot be used to update existing bank account information. The IRS’s description of Get Your Payment states that it will allow taxpayers who have not provided direct deposit information to provide bank information, but does not indicate that it will allow taxpayers to change information the IRS already has on file.
I’m not required to file a tax return, how will I get my check?

Eligible retirees, recipients of Social Security, Railroad Retirement, disability or veterans' benefits and taxpayers who do not make enough money to normally file a tax return will receive a payment.

Individuals who receive SSD and SS Retirement will automatically receive the stimulus check in the same manner.

Supplemental Security Income Recipients will receive automatic COVID-19 Economic Impact Payments

SSI recipients with dependent children should still use the “Non-Filers Enter Info Here” portal on IRS.Gov to provide their information

Others (low-income, certain veterans, receive only public assistance) fill out IRS payment portal.

If the IRS will come up with a way to automatically disburse the funds to VA benefits recipients, for now the quickest way is probably to use the port. Efforts are ongoing to determine if automatic payments can be made to recipients of VA benefits.

We continue to explore the feasibility of automatic payments for other nonfilers, such as those receiving SNAP and other benefits.
What to Expect

Clicking “Non-Filers: Enter Payment Info Here” above will take you from the IRS site to Free File Fillable Forms, a certified IRS partner. This site is safe and secure.

Follow these steps in order to provide your information:

Create an account by providing your email address and phone number; and establishing a user ID and password.

You will be directed to a screen where you will input your filing status (Single or Married filing jointly) and personal information.

Information regarding payment portal and payment tracking can be found at:

The IRS is in the process of launching a payment tracking tool which should be available next week.

This is not to be confused with the Turbo Tax Stimulus Registration Page
IRS Portal

Get started

Make an account

Information You will Need to Provide

Full name, current mailing address and an email address

Date of birth and valid Social Security number

Bank account number, type and routing number, if you have one

Identity Protection Personal Identification Number (IP PIN) you received from the IRS earlier this year, if you have one

Driver’s license or state-issued ID, if you have one

For each qualifying child: name, Social Security number or Adoption Taxpayer Identification Number and their relationship to you or your spouse
Economic Payments Follow-ups

For security reasons, the IRS plans to mail a letter about the economic impact payment to the taxpayer’s last known address within 15 days after the payment is paid. The letter will provide information on how the payment was made and how to report any failure to receive the payment.

Paid Preparer and receiving refund anticipation checks/refund transfers.

If a taxpayer is unsure they’re receiving a legitimate letter, the IRS urges taxpayers to visit IRS.gov first to protect against scam artists.

An important point to make with our outreach and education is that people who paid electronically are going to have to input deposit account information. Many seem to think that providing their payment account information will suffice. The statute states it will use authorizations for deposits and depository accounts provided from January 1, 2018. This does not include authorizations to withdraw funds.
Who Can Take the Stimulus Check?

The CARES Act protects the Stimulus Check from Federal and State offsets

The only offset that will be applied will be for back child support that has been certified and submitted to the IRS through TROP

What about private creditors that obtain a court garnishment order and present it to my bank? You may have some protections under state law. Also payments have begun and most courts are closed to non-essential business

The Stimulus check will NOT be counted for income for Public Benefit Programs (MA, SNAP, TANF)- counted as resources with 12 months to spend down
DOE (March 25) was ahead of the CARES Act (March 27): U.S. Secretary of Education Betsy DeVos announced that, due to the COVID-19 national emergency, the Department will halt collection actions and wage garnishments to provide additional assistance to borrowers. This flexibility will last for a period of at least 60 days from March 13, 2020. The date is now September 30, 2020.

Interest is being temporarily set at 0% on federal student loans through Sept. 30, 2020.

Any payment you made during the administrative forbearance period (March 13, 2020, through Sept. 30, 2020) can be refunded. Contact your loan servicer to request that your payment be refunded.

On March 25, 2020, ED announced that my federal tax refund would not be withheld to repay my defaulted federal student loan debt. My refund has already been taken. Will I get it back?

Yes, but only if your federal tax refund was in the process of being withheld—on or after March 13, 2020, and before Sept. 30, 2020—for the repayment of a defaulted federal student loan.

Your federal tax refund will not be returned to you if the process to withhold your refund was completed before March 13, 2020.

If you have questions about whether your federal tax refund was withheld, call ED’s Default Resolution Group at 1-800-621-3115 (TTY for the deaf or hearing-impaired 1-877-825-9923).
On March 25, 2020, ED announced that a portion of my Social Security payment, including disability benefits, would not be withheld to repay my defaulted federal student loan debt. My Social Security payment has already been taken. Will I get it back?

Yes. The portion of your Social Security payment that was taken will be returned to you if your payment was in the process of being withheld—on or after March 13, 2020, and before Sept. 30, 2020—for the repayment of a defaulted federal student loan.

The portion of your Social Security payment that was withheld will not be returned to you if the process to withhold it was completed before March 13, 2020.

If you have questions about whether your Social Security payment was withheld, call ED’s Default Resolution Group at 1-800-621-3115 (TTY for the deaf or hearing-impaired 1-877-825-9923).

Utility Service

Two big categories of utility providers:

1. Regulated: i.e. by the PUC—mostly private companies

2. Non-Regulated: Mostly municipal authorities providing water and sewer services;
   Locally, PWSA is a municipal authority but is now subject to PUC regulation.
   PA American Water is a private company so has always been regulated by the PUC
Why does it matter if a utility is regulated by the PUC or not?

• It determines what remedies the consumer has.

• Governor Wolf issued a Proclamation of Disaster on 3/6/20, and no regulated utility service may be terminated while that is in effect.

• Municipal authorities were asked to stop any terminations, but are not subject to the state imposed moratorium.

• Wilkinsburg-Penn Joint Water Authority has voluntarily stopped terminations of water service.
What can a customer do to get help now?

• If not on CAP, apply
• If on CAP but income went down, ask for an adjustment in the CAP payment

• If service is off, call the utility to request restoration
• If the utility refuses to restore service, file an informal complaint with the PUC

PUC number: 1-800-692-7380

Evictions

Legal Status:

Statewide: PA Supreme Court order stays any legal action in connection with an eviction through April 30

Allegheny County: Hold on evictions through May 8

Links to PA court orders:
http://www.pacourts.us/ujs-coronavirus-information
Evictions

What does a stay on eviction cases mean?

**Statewide:** Through April 30: hearings already scheduled will be postponed; deadlines to file pleadings are postponed; appeal deadlines are postponed; no physical evictions can take place; no new court cases can be filed

**Allegheny County:** Same except extensions run through May 8

**Exception:** if an eviction is not based on failure to pay rent, then a lawsuit can be started but no physical eviction may occur until after the April 30/May 8 deadlines
Evictions

Federal CARES Act has some effect on state court evictions:

If a landlord has a federally backed mortgage loan then they cannot evict a tenant or charge late fees through **July 25**. After that, must give a 30-day notice to evict before filing suit.

A landlord receiving forbearance under the CARES Act may not evict or charge late fees.

Complication: tenant isn’t going to know if the landlord has this kind of loan

**BIG NEWS:**

If the tenant lives in subsidized housing, evictions and late fees banned until **July 25**.

Examples of subsidized housing: Public housing; Section 8; HUD senior housing

After July 25, a 30-day notice is required before eviction
Evictions

PA CARE Package—effective March 30:

For participating financial institutions, no evictions for 60 days
To check participation:  https://www.attorneygeneral.gov/covid19/

Limited effect on residential evictions—most landlords are not a financial institution
Evictions

**Important:** Rent is still due

Financial help: City of Pittsburgh tenants can apply for financial help through the URA administered HSP (Housing Stabilization Program)

Call 211 United Way for referral to a participating agency

No new sources of financial help specific to tenants yet
Legal Status:

Statewide: There is a hold on foreclosure and ejectment cases through April 30

Allegheny County: Hold through May 8

Except for emergencies

PHFA has suspended foreclosures indefinitely
Federal CARES Act:

Applies only to “federally backed” mortgages—loans insured or subsidized by the federal government

Examples: FHA, Fannie Mae, Freddie Mac, VA, USDA loans

How to find out if you have that kind of loan? Fannie and Freddie have lookup sites

Fannie: https://www.knowyouroptions.com/loanlookup
Freddie: https://ww3.freddiemac.com/loanlookup/

The loan servicer should be able to tell the borrower what kind of loan they have
Mortgages

For these federally backed loans:

Lender cannot file a new foreclosure lawsuit until 5/18/20
If a foreclosure case was filed prior to 3/27/20, no action on that case can take place until 5/18/20 at the earliest

Lender can suspend payments UPON REQUEST OF THE BORROWER

No adverse credit reports for late or missed payments

PA CARE Package:

Participating financial institutions will provide the following in addition to any assistance provided in the CARES Act:

• 90-day grace period for mortgages NOT covered by CARES
• No new foreclosures for 60 days—through May 29
• No adverse credit reports

• Homeowners should contact their lenders to ask for help
• Homeowners should still make their payments if they can
Bankruptcy is an underutilized tool for low-income people to deal with debt.

Can wipe out many unsecured debts in a Chapter 7 case; Chapter 13 provides a way to spread out secured debts to catch up on an arrearage and save a house, a car or other important assets.
COVID-19-related changes to the consumer bankruptcy law are fairly minimal.

No new categories of debts can be wiped out, despite efforts of consumer advocates. A Chapter 13 repayment plan that was in effect as of the date the CARES Act became law (3/27/20) may be extended an additional two years but new cases filed after that remain limited to a maximum five-year repayment plan.
Bankruptcy courts are part of the federal court system and are not shut down as much as the state courts are.

The local bankruptcy court, Western District of Pennsylvania, has temporarily relaxed some rules about original signatures on documents.

Hearings are being held by phone; some Zoom meetings are coming up for Chapter 13 conciliations.
